

## **LEST WE SHOULD NOT FORGET**

Whose is this Mission? It belongs to Rev. Shri Babuji Maharaj. It was named after His Master Rev. Lalaji Maharaj.

**What is mature thinking ?**

**Master :** “Have one Goal, One Maser and One Method.”

**LALAJI :** “Rare were the seekers of Reality. When they got an atmosphere of their liking anywhere, they at once drifted towards it. They were only concerned with intoxication. They did not want anything more. This is the condition of the society which has grown at present. Some people want to buy spirituality (Brahma Vidya) by means of their wealth. A desire to become Guru is created in the people, although they have even become disciples in the true sense.

**LALAJI :**

“My times were good but your times are not so. It is not necessary to increase mere numbers in satsangh. Those who are taken should be deserving. **AT LEAST THEY SHOULD NOT BRING A BAD MAME TO YOU.** It is the duty of everyone to save himself from bad company as far as possible.”

“There are innumerable secrets along the path. To a true seeker, whatever comes along the way is encouraging. His progress will be to the extent of his love and faith in the Master. The same holds good about spiritual stages.”

**Lord Sri Krishna 7.02.1945 :** “The world demands a swift change. Our country should be made pure. You alone will be able to do this.”

**Swami Vivekananda 14.05.1946** : Informed me that Mahatma Buddha had merged in me.

**25.02.1945 (at 7.30 p.m.)** : Guru Nanak Sahib gave me a sitting and merged in me.

**LALAJI** : “Had I filled any other person with these powers, he would have wrought havoc. But the orders were for you only and so you have been prepared as such. **THESE POWERS CANNOT BE GIVEN TO ANYBODY, NOT EVEN TO THE SPIRITUAL SUCCESSORES**; In fact these powers are not found even in a guru of the highest calibre. These powers are preserved right from the beginning of the creation. I was, however, a repository of these powers. One thing which is not found anywhere is that you loved me to the highest possible limit and the result is that I am seeing you in this condition. Love alone is the thing. I advise you to cultivate love in your associates. Everything can be achieved by love. Meditation and other practices are of little importance in comparison to this.

“**SUCH A PROPERLY MOULDED BRAIN HAS NEVER COME INTO EXISTENCE. NOR IS THERE ANY HOPE OF IT IN FUTURE.** Hence I advise all, young and old, to reap full benefit from you. The doubts and difficulties on the path of spirituality, which were not solved till today, can be got solved from you. **THIS OPPORTUNITY WILL NOT COME AGAIN. NOR IS THERE ANY HOPE OF SUCH A PERSONALITY COMING INTO THIS WORLD AGAIN**”.

**13.02.1945 (8.30 p.m.)** : Received Grace directly from the Ultimate. It means that I have secured very intimated and unbreakable connection with the Ultimate.

**To the question, “Who is Special Personality?” Lord Krishna replied** : “A special power from Nature descends for a special work and functions secretly in a Special Personality. He enjoys

the position of an Avatar. When occasion arises, the powers from the particles begin to work according to His orders.” Swami Vivekananda informed me that Rev. Lalaji made me the governing power. There upon I submitted “Even if this slave is made to sit on the royal throne, his position would be that of a slave only; it does not matter if he gets royal powers.” Lalaji was highly pleased with the reply.

**21.03.1945** : Swami Vivekananda praised me for my love towards Lalaji and His love for me. He said, “I have never seen such an example throughout my life. People leave their homes for God. Whereas Lalaji left His Original home for you. This is the greatest sacrifice every expected from a liberated soul.”

**Lord Krishna** : “There are two kinds of persons qualified for spirituality. The highest or the best and the mediocre. The lowest are there –selfish, another type of person is also there, who is free from all these three things. Such a person is rarely born –once in thousands of years – when the time needs him. He has no parallel to himself. Such a person is born as per Divine orders. You are an example of it.....”

**Swami Vivekananda 25.03.1945** : “I have just now learnt that you have been given the post of “Maker the world”. Your guru will explain it. Look here. This is not ordinary post. Nobody in the world could get it. This is a reward for you from Lord Krishna in lieu of the test in which you came out successful. Now the powers of Nature, issued forth for the first time, will work under you directly. I mean the powers (Shakti) Brahma, Vishnu and Mahesh. The same duty you will carry out, after your life. One more thing is given to you and that is the reward from Radhaji, that after leaving the body, you won’t wait for the resurrection but will go direct to the Ultimate i.e., Self as you call it. This is an impossibility which is made possible for you by Lord Krishna and Radhaji.” Lord Krishna said that He was pleased with my etiquette that I had not parted with my guru even at this stage. Others should learn from you to respect the Guru. Indeed a true lover does

not see anything else except his beloved and this he thinks to be everything.”

Nature may punish those who disregard you. Thus we see that fixing our Goal on Rev. Babuji Maharaj is very important if we choose to have the maximum benefit. It is also essential to follow the cardinal principles of virtue the path of righteousness and observe the elements of humility, ethics, etiquette etc. if our Sahaj Marg sadhana should have any impact on us.
